

AGC Real Estate: Consolidated Strategy Report

Social Media Audit + Expert Coach Insights

FEBRUARY 2026

PREPARED BY PILARBUILT.AI

The Expert Panel

Two Coaches, One Clear Diagnosis

Krista Greener— Social Media Strategist, Naples FL

- Founder of AI Group 360 — marketing & automation agency, Naples FL
- Personal branding expert with 6+ years of experience
- Helped entrepreneurs and CEOs generate millions through strategic content
- Leading voice in AI-powered personal branding

Guy Last — Real Estate Business Coach, Dubai

- Founder & business growth architect — 10+ years in Dubai
- Advises startups to corporates on scalable, commercially viable systems
- 20+ years in Dubai real estate — joined Christie's International RE UAE in 2015
- Dual perspective: experienced as both agent and investor

❏ **Both coaches agree:** AGC has strong foundations but critical strategic gaps blocking growth.

Reality Check

The Numbers Don't Lie

50

Properties Now

Current properties under
management

300

Target

Properties needed to hit
growth goal

1–2

Leads/Month

Mostly warm referrals —
not scalable

8+

Years to Target

At current lead flow rate

Both founders bring 20+ years of experience and are operationally strong — but are camera-shy and require a significant digital marketing uplift. **Digital strategy is no longer optional. It's survival.**

What's Actually Working

Don't Throw Out the Baby

Core Strengths

AGC is not starting from zero. Several genuine assets are already in place and ready to build upon.

→ Right Platforms

Present on Instagram and Facebook — the correct channels for real estate audiences

→ Clean Brand Handle

Consistent identity: @agc_realestate across platforms

→ CRM Ready

EagleMRI already has automation scripting — not starting from scratch

→ Geographic Niche

Clear focus: Waterloo, Sydney CBD, Eastern Suburbs

→ Open to Change

They know they need help — this self-awareness is genuinely rare

The 5 Critical Problems

Expert-Validated Issues Blocking Growth

1

Social = Listings Only

Zero story, personality, or value — flagged by Krista, Guy, and the audit

2

Bio Prioritises Origin Over Value

"Fresh and dynamic company" means nothing to prospects (Krista)

3

No Personal Brands

A 2-person agency needs founder visibility, not just a corporate page (Krista + Guy)

4

No Automation

Leads fall through cracks — no ManyChat, no chatbot, no DM response system (Krista)

5

No Video Content

Camera shyness is blocking the highest organic reach format in 2026 (Guy + Audit)

☐ **Bottom line:** AGC is invisible in a digital-first market.

Low-Hanging Fruit

Coach-Validated Quick Wins — This Week

Fix	Coach	Time	Cost
Rewrite bio: lead with value, not origin story	Krista	15 mins	Free
Add Instagram Highlights: About, Listings, Sold, Testimonials, Book Call	Krista	30 mins	Free
Install ManyChat — keyword trigger automation for next post	Krista	1 hour	Free tier
Add website chatbot for FAQs	Krista	30 mins	Hosting
Move social icons to top of website (currently buried)	Krista	10 mins	Free
Post ONE founder photo with 3-sentence personal story	Krista	30 mins	Free
Geotag every post (Waterloo, NSW)	Audit	2 mins/post	Free

Total Time

~3 hours

Total Budget

\$0

The Big Opportunity

Guy's "Community Specialist" Strategy

What Top Dubai & US Agencies Do

- Become the **undisputed local authority** for ONE area (Waterloo)
- Create content ABOUT the suburb, not just properties
- Interview: local café owner, school principal, sports centre manager, council rep

Why It Works

- Zero competition — no other Waterloo agents doing this
- SEO compounds: Google searches for "Waterloo school" surface AGC content
- Trust builds before the sale: "They know everything about this area"

Content Series Ideas

"Hidden Gems of Waterloo"

Shops, cafes, parks — hyperlocal discovery content

Weekly "Waterloo Market Update"

Data-driven authority positioning

"Should You Move to Waterloo?"

FAQ series targeting buyer intent searches

Guy's model: Strada Dubai = *"marketing agency that sells property"*

Medium-Term Strategy

90-Day Build Plan

Month 1 — Personal Brands

1

- Both founders create personal Instagram accounts (camera-roll content, not polished)
- Business page = curated/professional; Personal = relatable/human
- Personal brands feed the business brand (Krista's model)

Month 3 — LinkedIn Commercial

3

- Commercial-focused founder launches LinkedIn cold outreach
- Target: commercial property owners in Waterloo/Sydney CBD
- Different vertical = different channel (Guy)

2

Month 2 — CRM Reactivation

- Pull EagleMRI database (size unknown — needs clarification)
- Launch automated "Your Waterloo property value update" email/SMS sequence
- Benchmark: Savills Dubai does this automatically

AI Content Workflow

Guy's Automation Blueprint

What Guy Built for Himself

A 7-agent Claude system that:

01

Researches

Viral posts, competitor content, and market data — weekly

02

Creates

Content drafts automatically, without manual input

03

Delivers

Ready-to-review drafts to a Slack channel

Before

45 mins per post

After

3 mins per post

AGC Simplified Version

- Weekly automated workflow via n8n or similar
- Scrapes top Waterloo content, Sydney market stats, competitor hooks
- Generates ready-to-post drafts in a shared folder
- Founders just review and schedule

Why this matters: Camera-shy founders don't need to CREATE content — they just approve AI-researched drafts.

Open Questions

Need Answers Before Next Phase

1 EagleMRI Database Size

1K contacts or 50K? This changes the CRM strategy entirely.

2 Personal Social Accounts

Do founders have existing accounts, currently set to private?

3 Automated Market Reports

Does EagleMRI already pull these, or does it need configuration?

4 Monthly Tools Budget

ManyChat \$15/mo · Go High Level \$300/mo · Canva \$20/mo

5 Residential vs Commercial Split

Which founder handles which vertical? Content strategy differs significantly.

6 Camera Willingness

Are they willing to appear on camera AT ALL? This is a non-negotiable blocker.

7 Revenue Target Definition

Does "30K/month" mean gross, net, or fees?

8 LinkedIn Exploration

Have they explored LinkedIn for the commercial side yet?

❑ **Action:** Schedule a 30-minute Q&A session to clarify these before proceeding to implementation.

The Bottom Line

What Success Looks Like in 90 Days

Week 1 — Immediate Wins

Bio rewritten · Highlights live · ManyChat installed · Chatbot active

Month 1–2 — Early Traction

Personal brands launched · 2–3 posts/week · First "Community Specialist" video posted

Month 3 — Momentum

LinkedIn outreach live · CRM reactivation running · AI content workflow automated

8–10

Leads/Month

Up from 1–2 currently

2–3

Years to 300

Down from 8+ years at current pace

Both coaches agree: The tools are cheap. The strategy is proven. The barrier is execution commitment.
